About PlastNex

PlastNex is a dedicated B2B exhibition platform bringing together the Plastics, Packaging and Printing industries under one roof. Designed to connect manufacturers, technology providers, suppliers, converters, distributors and industry professionals, PlastNex creates a focussed environment for business development, technology showcase, networking and knowledge exchange.

With a strong focus on Punjab, Haryana, Himachal Pradesh and Jammu & Kashmir, PlastNex aims to connect the rapidly growing industrial ecosystem of North India with leading national and international brands.

The exhibition will showcase the latest machinery, automation, raw materials, packaging solutions, printing technologies, processing equipment, moulds & dies, recycling solutions and allied products.

PlastNex — Shaping a better tomorrow with Plast & Pack Solutions.

India's packaging and packaging-printing sectors continue to offer strong growth opportunities, making a focussed regional platform particularly relevant for industry stakeholders.

COMPANY PROFILE

We are an emerging exhibition and business-event organising company dedicated to creating professional platforms that connect industries, businesses, manufacturers, suppliers, buyers and decision makers. Founded by two industry professionals with over 15 years of combined experience, our company brings together extensive industry knowledge, business understanding and a passion for creating meaningful exhibition platforms.

Our focus is on developing industry-specific exhibitions that bring together the right audience, relevant products and meaningful business opportunities under one platform. We aim to make every exhibition more than just a display of products a place where businesses can discover new technologies, build partnerships, generate leads and explore new markets.
